WDT 29 February 1956

MEMORANDUM FOR THE RECORD

SUBJECT: ARS Evaluation Board

1. The undersigned received a call this date from Ray Blocher of NACC, with respect to the ARS Evaluation Board actions. Information was requested with respect to the other members of the Board and Trunx, a member of NEPT, a member of AEC, and Col Gonz of Hq ARDC in addition to Blocher were named as those who would probably be members.

2. During this conversation Mr. Blocher was queried as to the possibilities of his visiting WDD during the week of 12 March in order that certain aspects of the Air Force position could be discussed with Gen Schriever. (Items of interest in this category are - how we think the development plan should come out; such things as who should have weapon system responsibility; to what extent we should have Government furnished equipment provided, and the probable schedule of development.) Blocher indicated he could probably come out that week.

T

CHARLES H. TERHUNE, JR.
Colonel, USAF
Deputy Commander
Technical Operations

Comdr Trunx: If I am not here it will be your responsibility to see that the paragraph delineating the responsibility of the Evaluation Board is checked with Gen Schriever prior to publication of orders for the Board. CHT
